10G FTTO Switches with 54V DC

XGIGASWITCH V6 TP(PSE++) 2SFP+ 54V DC

Aginode Ref: 88316722

Aginode LANactive XGigaSwitch V6 series is designed for the installation in Fibre to the Office (FTTO) networks. The latest generation of FTTO switches is equipped with a state-of-the-art network processor and provides enhanced performance, security and redundancy functionality.

- 3 Uplink Ports (2x SFP+ and 1x RJ45 with PoE++)
- Userport with 4x Power over Ethernet (PoE+) or 4x Power over Ethernet (PoE++)
- Efficient Energy Management
- Memory Card Slot
- Input voltage range 46 ⋯ 57V DC

All drawings, designs, specifications, plans and particulars of weights, size and dimensions contained in the technical or commercial documentation of Aginode is indicative only and shall not be binding on Aginode or be treated as constituting a representation on the part of Aginode.
