Medical FTTO Switches with 54V DC

GIGASWITCH V5 TP(PSE+) SFP-2VI 54VDC MED

Aginode Ref: 88303611

Aginode LANactive GigaSwitch V5 MED series is designed for the installation in Fibre to the Office (FTTO) networks. The latest generation of FTTO switches is equipped with a state-of-the-art network processor and provides enhanced performance, security and redundancy functionality.

- 3 Uplink Ports (2x SFP and 1x RJ45)
- 1x Power over Ethernet (PoE+) at the Uplink
- 4 Isolated User Ports (4kV and 2MOPP)
- Efficient Energy Management
- Memory Card Slot
- Input Voltage Range 46 ... 57V DC

All drawings, designs, specifications, plans and particulars of weights, size and dimensions contained in the technical or commercial documentation of Aginode is indicative only and shall not be binding on Aginode or be treated as constituting a representation on the part of Aginode.
