LANmark-OF Fibre Accessories

LANMARK-OF CABLE GLAND RUBBER BOOT 20 MM 10X

Aginode Ref: N890.148

- Suitable for cables 4.0 - 7.8mm
- To fit slots of 20mm

The cable gland allows to fix cables with a diameter between 4.3mm and 7.8mm.

The cable gland fits in patch panels with a slot size of 20mm or PG13.5.

Typically there are 8 of those slots available in LANmark-OF Patch Panels.

The rubber boot provides additional cable protection beyond the cable gland. Compared to a typical spiral boot the rubber boot can not be stuck behind the panel when the tray of the panel is pulled forward. The length of the boot is 85mm.

Onee product contains a total of 10 cables glands and boots.
