FTTO Switches with 54V DC

GIGASWITCH V5 2TP(PD-F+) SFP-VI 54VDC

Aginode Ref: 88303991

Aginode LANactive GigaSwitch V5 series is designed for the installation in Fibre to the Office (FTTO) networks. The latest generation of FTTO switches is equipped with a state-of-the-art network processor and provides enhanced performance, security and redundancy functionality.

- 3 Uplink Ports (2x RJ45 and 1x SFP)
- Up to 6x Power over Ethernet (PoE+) with up to 150W
- Powered Device - remote powering via Power over Ethernet optionally
- Efficient Energy Management
- Memory Card Slot
- Input voltage range 46 ⋯ 57V DC

All drawings, designs, specifications, plans and particulars of weights, size and dimensions contained in the technical or commercial documentation of Aginode is indicative only and shall not be binding on Aginode or be treated as constituting a representation on the part of Aginode.
