

# FTTO Switches with 54V DC

## GIGASWITCH V5 2TP SFP-VI 54VDC

**Aginode Ref:** 88303992

Aginode LANactive GigaSwitch V5 series is designed for the installation in Fibre to the Office (FTTO) networks. The latest generation of FTTO switches is equipped with a state-of-the-art network processor and provides enhanced performance, security and redundancy functionality.

- 3 Uplink Ports (2x RJ45 and 1x SFP)
- Up to 4x Power over Ethernet (PoE+) with up to 120W
- Efficient Energy Management
- Memory Card Slot
- Input voltage range 46 ... 57V DC

### Interfaces

User Ports (RJ45): **4x 1000Base-T**

Uplink Ports (SFP): **1x 100/1000Mbps**

Uplink Ports (RJ45): **2x 1000Base-T**
