LANsense NGA Copper Patch Panels

LANSENSE PANEL 24 SNAP-IN BLACK

Aginode Ref: N881.311

- LANsense Intelligent Patch Panels
- Modular 24 Ports Snap-In patch panel
- Compatible with LANmark EVO connectivity.
- LANmark EVO modular connectors sold separately
- Earthing and grounding features with Aginode exclusive design.
- Compatible with Cat 6, Cat 6A, Cat 7A connectors

LANsense copper patch panels carry on-board intelligence, which remains dormant until enabled by LANsense analysers and software.

The panels have in-built sensors to detect the connection status of each port and an I/O connector to link to the analysers.

Manufactured from steel, the panel provides a robust, high-density mounting mechanism for Aginode modular connectors.

The panel is available in 1U size

STANDARDS

ISO/IEC 11801

All drawings, designs, specifications, plans and particulars of weights, size and dimensions contained in the technical or commercial documentation of Aginode is indicative only and shall not be binding on Aginode or be treated as constituting a representation on the part of Aginode.
