

LANsense NGA Copper Patch Panels

LANSENSE PANEL 24 SNAP-IN BLACK

Aginode Ref: N881.311

- LANSense Intelligent Patch Panels
- Modular 24 Ports Snap-In patch panel
- Compatible with LANmark EVO connectivity.
- LANmark EVO modular connectors sold separately
- Earthing and grounding features with Aginode exclusive design.
- Compatible with Cat 6, Cat 6A, Cat 7A connectors

LANSense copper patch panels carry on-board intelligence, which remains dormant until enabled by LANSense analysers and software.

The panels have in-built sensors to detect the connection status of each port and an I/O connector to link to the analysers.

Manufactured from steel, the panel provides a robust, high-density mounting mechanism for Aginode modular connectors.

The panel is available in 1U size
