

# UK Mounting Hardware for LANmark

## LANMARK 86X86 WALLPLATE 2 SNAP-IN WHITE

**Aginode Ref:** N423.862

- UK Style 86x86 wallplate with 2 ports in Snap-In format
- Designed to accommodate 2 LANmark Snap-In connectors
- One piece construction
- Spring loaded protective shutters
- Labelling windows
- Supplied with set of labels
- Screws included
- Glossy white finish
- Also available in 1 and 4 port version

## Application

This UK style wallplate is designed to accommodate two LANmark Snap-In connectors. It has standard 86 x 86 mm UK dimensions.

A one and four port version are also available (N423.861 / N423.864) - please refer to the specific datasheets.

## Design

Each port is equipped with a spring loaded shutter which protects installed RJ45 connectors against dust when no patch cord is inserted. The wallplate comes in glossy white finish and has a protective labelling window above each port.

The plastic material is UL 94V-0.

## Installation

The LANmark Snap-In connectors can be easily inserted in the wallplate with a simple one-click operation.

The wallplate is supplied with 2 screws for mounting on the wall or containment. A set of 2 white caps is included to cover the screws which enhances the appearance of the finished wall outlet.

The product is individually bagged and comes in boxes of 100 pcs.

## STANDARDS
