LANmark Secure Lock RJ45 Port Blockers

LANMARK SECURE LOCK RJ45 PORT BLOCKER - BLUE

Aginode Ref: N110.SRJPBB

- Compatible with standard RJ45 Jacks.
- Dedicated key for removal

- An effective way to secure the network infrastructure by blocking out unused or unauthorized RJ45 Jacks.
- Port Blockers protect the hardware from dust and entry of harmful foreign objects.
- Port Blocker helps in securing connections in public areas and shared spaces.
- Provides security by ensuring no unauthorized connections are made
- To be used in data centres, financial services, health care, and other mission-critical networks.
- Installation is easy, and removal will not interfere with the jack contacts or lead to the degradation of network performance.
- Packaging info: 1 Qty of N110.SRJPBB consists of 100pcs of Blue RJ45 Port Blockers

The plastic material is UL 94V-2

Note: This product range is sold worldwide except North America.
