LANmark-OF Secure Lock LC Port Blockers

LANMARK SECURE LOCK LC PORT BLOCKERS - BLUE

Aginode Ref: N124.SLCPBB

- Compatible with standard Duplex LC Adapters.
- Dedicated key for removal

- An effective way to secure the network infrastructure by blocking out unused or unauthorized Duplex LC Adaptors.
- Port Blockers protect the hardware from dust and entry of harmful foreign objects.
- Port Blocker helps in securing connections.
- Provides security by ensuring no unauthorized connections are made
- To be used in data centres, financial services, health care, and other mission-critical networks.
- Installation is easy, and removal will not interfere or lead to the degradation of network performance.

The plastic material is UL 94V-2

Note: This product range is sold worldwide except North America.
