FIBREROUTE 600mm System

Aginode Fibre Trunking System provides a dedicated pathway for fiber optic cables and cords to protect them from accidental damage. The system offers a flexible, high-capacity solution for data center containment which is easy to install and reconfigure to meet future needs.

STANDARDS

EN 50173-5
ISO/IEC 24764

Aginode FIBREROUTE 600 system provides the basic building block for MD cabling pathways in data center designs compliant to ISO/IEC 11801-5, EN 50173-5 or EN 50600-2-4.

Comprehensive Protection:

A special designed rigid surface along the pathway protects those fragile fiber optic links. Adapters can provide seamless connection between channels and/or fitters, thus controls bend radius of fiber optic patch cords and MPO trunks.

Fast installation:

Installation could be flexible by connecting different channels using fittings and adapters. No welding is needed: all parts could be joint together using tool-less fasteners.

Fixing and supporting devices are available for wall mounting, ceiling hanging, under floor, rack mounting and other structures within data centers.

Easy Access:

Move/Add/Change of fiber optic patching could be easy when separated from bunch of copper horizontal bundles. Future expansion and interconnection from different size could be easy by using fitters and Tees available in various size.

All drawings, designs, specifications, plans and particulars of weights, size and dimensions contained in the technical or commercial documentation of Aginode is indicative only and shall not be binding on Aginode or be treated as constituting a representation on the part of Aginode.

Product list

Aginode ref.	Country ref.	이름
N350.600FC00P	-	FIBREROUTE 600mm Channel
N350.600FC10P	-	FIBREROUTE 600mm Channel Cover
N350.600FA01A	-	FIBREROUTE 600mm Elbow
N350.600FA11A	-	FIBREROUTE 600mm Elbow Cover
N350.600FA02A	-	FIBREROUTE 600mm Equal Tee
N350.600FA12A	-	FIBREROUTE 600mm Equal Tee Cover
N350.600FA03A	-	FIBREROUTE 600mm Equal Cross
N350.600FA13A	-	FIBREROUTE 600mm Equal Cross Cover
N350.600FA21A	-	FIBREROUTE 600mm 45° Vertical Internal Bend
N350.600FA31A	-	FIBREROUTE 600mm 45° Vertical Internal Bend Cover
N350.600FA22A	-	FIBREROUTE 600mm 45° Vertical External Bend
N350.600FA32A	-	FIBREROUTE 600mm 45° Vertical External Bend Cover
N350.600FC01A	-	FIBREROUTE 600mm In-line Connector
N350.600FC03A	-	FIBREROUTE 600mm End-cap
N350.600FA04A	-	FIBREROUTE 600mm Universal Transition
