- Angled design
- Accommodates all LANmark Snap-In connectors
- Suitable for both copper and fibre
- 1 port
- Colour white (RAL 9010)
- Also available in 2 port version
- Also available in ivory (RAL 1013)
- Supplied with screw

## STANDARDS

Manufacturer specification

## Application

- This German style 50x50 angled module can accomodate 1 LANmark Snap-In connector.
- It is also designed to hold a fibre Snap-In adaptor, LC or SC, duplex or simplex.
- For detailed information on Aginode Snap-In connectors, please refer to the corresponding datasheets.

## Guarantees

- The plastic material is UL 94V0

## Installation

- The Snap-In connector easily clips in the shuttered 1 port module, which then is mounted into the metal frame without the need for any tools.
- The metal frame has vertical and horizontal mounting holes for maximum installation flexibility.
- Once the 1 port module is installed in the metal frame, the 50x50 front module can be simply clipped into the metal frame without any tools or fixings.
- A self-tapping screw, which is supplied with the outlet, can be additionally used to improve the retention of the outlet when installed into non-Aginode branded wall frames or trunking systems.

*All drawings, designs, specifications, plans and particulars of weights, size and dimensions contained in the technical or commercial documentation of Aginode is indicative only and shall not be binding on Aginode or be treated as constituting a representation on the part of Aginode.*

- Due to the angled position of the connectors, the minimum bend radius of the cables is maintained, even in situations where depth is restricted.

## Features

- Labelling window for easy management and port identification.
- Compatible with all Aginode Snap-In format connectors and adaptors.
- Compatible with Aginode German style structural hardware.
- Fits into a wide range of German style 3rd party frames, surface mount boxes and trunking.
- Allows vertical and horizontal mounting.
- Shutter is removable and can be replaced with a coloured version in order to differentiate between various services or applications.

Included in the kit:

- Metal mounting frame
- Shuttered 1 port Snap-In module
- 50x50 front module with labeling window
- Self-tapping screw

Optional:

- Coloured shutters (bag of 100):
  - Red - N421.701RED
