INTERNAL CABLE TRAY 42U 200MM WIDTH FOR AGINODE RACK UNIT SOLUTION

Aginode Ref: NACC.CBT422G

Internal cable tray for Aginode rack

Internal cable tray made in steel for Aginode racks, in order to allow a good cable management inside the rack. The cable tray with a height of 42U will allow a cable support from the top of cabinet to the base.

His width of 200mm offer enough space to receive bundle cable necessary for the cabling rack.

Internal cable tray 42U 200mm width for Aginode Rack Unit Solution
