

LANmark-OF Demarcation Boxes

- Demarcation box for FTTO applications
- 6 Port DLC
- Robust Construction

The Demarcation Box is a robust yet lightweight, cost effective solution for the break-out and termination of extractable bundle cables in FTTO implementations. The box is symmetrical allowing mounting with the LC adaptors facing right or left and features a hook and staple locking feature which can be used with a padlock (not supplied) to prevent access to the patching area.

The new box is compatible with the standard Aginode splice cassettes (N890.095 - heat shrink or N890.096 – alu protect) and cover (N890.097) which can be ordered separately.

Nominal dimensions: Length 353mm x Width 155mm (over screws) x Height 58mm (over lock feature).

STANDARDS

ISO/IEC 11801
