Training Services

Aginode Data Network Solutions can provide installation training for our approved partners

Online 'eLearning' courses or 'in class' options depending on language and location

We can provide a range of courses covering copper & fibre cabling theory, installation, and testing as part of the qualification process to become a Aginode Certified Solution Partner (CSP).

These maybe available as "in class" or as online "eLearning" courses depending on region or language needs.

For more information please CONTACT US or visit the partner area.
