LANmark-OF Zone Distribution Box

LANMARK-OF MODULAR ZONE DISTRIBUTION BOX

Aginode Ref: N521.630

- Empty ZD box optical fiber
- Modular sixpack design allowing SC and LC snap-ins.
- Suitable for direct termination or splicing.
- Printed numbering system on the cover

Application

Designed for the installation of zone wiring, fibre to the office and to the desk

Maximum capacity of 12 duplex LC or 6 duplex SC adaptors.

Installation

The LANmark-OF zone distribution box is easy to install in the ceiling, false floor or on the wall with four fixing points in the bottom plate.

There is a slot in the rear to fix a cable or a Pre-Term. It has a diameter of 20.5mm, compatible with PG13 cable glands.

Small Aginode splice trays (N890.095, N890.096 and N890.097) can be fixed inside the tray.

Printed numbers are on the cover for port identification.
