Waterfall & Accessories

FIBREROUTE SCREW KIT T TYPE

Aginode Ref: N350.003SS00S

Aginode Fibre Trunking System provides a dedicated pathway for fibre optic cables and cords to protect them from accidental damage. The system offers a flexible, high-capacity solution for data centre containment which is easy to install and reconfigure to meet future needs.

- Pathway system designed for accommodation of data centre fibre cables
- Free of sharp edges
- Fast connection by using a wide range of fittings

The Aginode Fibre Trunking System provides a dedicated pathway through data centre spaces and IT facilities for routing fibre cables .
The rigid channel with matching cover protects fibre optic cables from damage.

All components of the system including the covers can be installed and uninstalled without special tools.
