LANmark-OF Fibre Accessories

LANMARK-OF DETACHABLE PULLING EYE

Aginode Ref: N890.100EP

- LANmark-OF tool to install Pre-Terms by pulling

With the detachable pulling eye LANmark-OF MPO assemblies can be installed by pulling instead of laying. This is of special interest when the assemblies are long.

The maximum pulling force of detachable pulling eye is 400N.

The detachable pulling eye fits the PG13.5 cable gland of the LANmark-OF MPO assemblies.

It is fast installed and easily removed due to its Zipper-like design.

It can be re-used multiple times resulting in a reduction of waste.
