Industrial FTTO Switches with 54V DC

GIGASWITCH V5 TP SFP-2VI 54VDC IND

Aginode Ref: 88303965

Aginode LANactive GigaSwitch V5 IND series is designed for the installation in industrial environments. The latest generation of switches is equipped with a state-of-theart network processor and provides enhanced performance, security and redundancy functionality.

- 3 Uplink Ports (2x SFP and 1x RJ45)
- 4x Power over Ethernet (PoE+), up to 120W
- Robust Metal Housing and Compact Hardware Design
- Efficient Energy Management
- Memory Card Slot
- Input voltage range 46 ... 57V DC

All drawings, designs, specifications, plans and particulars of weights, size and dimensions contained in the technical or commercial documentation of Aginode is indicative only and shall not be binding on Aginode or be treated as constituting a representation on the part of Aginode.
