

WALLDROP V2

WALLDROP V2 SPLICE TRAY KIT SLIM. 10PCS

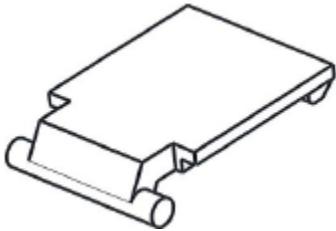

Aginode Ref: WALLDROP V2 Splice tray kit SLIM. 10pcs

12OF splice tray kit for WALLDROP, including a slotted foam holders and a protective lids. Intended for use with WALLDROP configurations originally equipped with SLIM trays (9.8 mm).

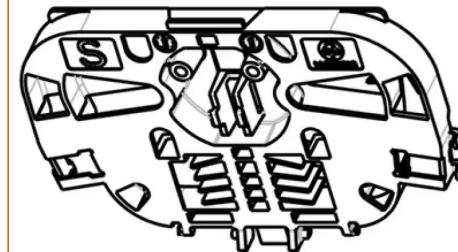

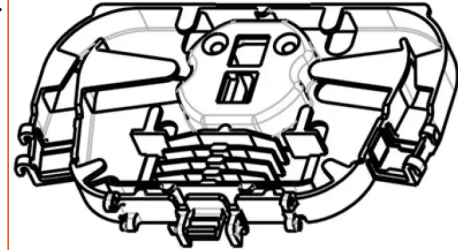

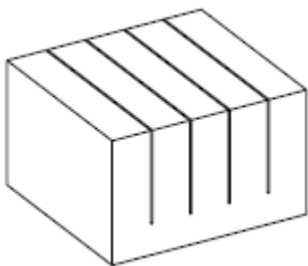

This kit is designed to replace an existing splice tray in a WALLDROP unit and serves as a maintenance spare part. If you need to expand splice capacity, please refer to the appropriate upgrade kit. This tray has a thickness of 9.8 mm and is not compatible with the STANDARD splice tray (10.2 mm).

In addition to the tray, this kit also includes:

- Protective lids

- Foam holders
